Disclaimer for Endure Backlit Panel

Endure Backlit Panel Light Cleanup and Disposal Disclaimer

1. General Information

LED panel lights contain electronic components that require specific handling during cleanup and disposal. Follow the instructions below.

2. Cleanup Instructions

- **Turn Off Power:** Ensure the power is off and the panel has cooled before cleaning.
- **Handle with Care:** Use gloves, especially if the panel light is damaged, to avoid cuts or injuries.
- **Avoid Internal Components:** Refrain from disassembling beyond accessible parts.
- **Wipe Down:** Clean with a dry or slightly damp cloth. Do not use chemicals or submerge in water.

3. Disposal Instructions

- **Dispose if Damaged:** If the LED panel light is physically damaged, it should be disposed of.
- **Do Not Dispose of in Household Trash:** LED panel lights are electronic waste and must not go into regular trash.
- **Check Local Regulations:** Follow your local waste disposal and recycling guidelines.
- **Avoid Landfill Disposal:** Proper disposal is crucial for environmental safety.

4. Liability Disclaimer

The manufacturer is not liable for any harm or damage resulting from improper cleanup or disposal of LED panel lights.

Disclaimer for Endure Floodlight

Endure Floodlight Cleanup and Disposal Disclaimer

1. General Information

LED floodlights contain electronic components that require proper handling during cleanup and disposal. Please follow the guidelines below to ensure safe and environmentally responsible practices.

2. Cleanup Instructions

- **Turn Off Power:** Ensure the power supply is turned off and the fixture has cooled down before cleaning.
- **Handle with Care:** Use gloves to handle the LED floodlight, especially if the product is damaged, to avoid cuts from sharp edges or glass fragments.
- **Avoid Contact with Internal Components:** Do not disassemble the fixture beyond accessible parts for cleaning.
- **Wipe Down:** Use a dry or slightly damp cloth. Avoid harsh chemicals or water.

3. Disposal Instructions

- **Dispose if Damaged:** If the LED floodlight is physically damaged, it must be disposed of immediately.
- **Do Not Dispose of in Household Trash:** LED floodlights are considered e-waste and should not be disposed of in regular trash.
- **Check Local Regulations:** Follow local guidelines for the disposal of electronic waste.
- **Avoid Landfill Disposal:** Proper disposal helps prevent environmental harm.

4. Liability Disclaimer

The manufacturer is not responsible for any injuries, damages, or environmental harm from improper cleanup or disposal of LED floodlights.
